Research Proposal Instructions

Master's Degree

The proposal must include the sections listed below and be no more than 3 pages (not including a list of sources).

Sections:

1. Research topic
2. Brief scientific background (up to 1 page)
3. Research objective (hypothesis and specific objectives, approximately five sentences)
4. Research plan and methods (work steps and methods for each objective)
5. Preliminary research results, application of proposed methods
6. List of sources (full listing, including titles, 10 to 15 sources only)
